HUGO STINNES TAKES RAP AT STRESEMANN

Says He "Cribbed"
Cardinal Features of
Stinnes Program

(By The Associated Press)
BERLIN, Oct. 8.—Virtually accusing Chancellor Stresemann of having "cribbed" the cardinal features of his "more production" program and contemptuously dissipating the legend that he was seeking the dictatorship of Germany, Hugo Stinnes has buckled on his journalistic armor to the extent of utilizing two columns of his personal organ the Deutsche Allgemeine Zeitung to reveal the incidents which precipitated the government crisis last week and the part he played therein.

Incidentally, Herr Stinnes disposes of the current impression that a divided German peoples party caused the chancellor's temporary downfall. Herr Stinnes stated the party caucus here Oct. 2 at which Dr. Stresemann was present and which unanimously adopted a resolution whose text, Herr Stinnes, asserts was drawn up by himself and the chancellor, in which entire reichstag delegation of the Industrialists' party demanded the abolition of all restrictions that would tend to hamper a return to peace time production.

THE PRO AND CON ON WORLD SERIES BY ARDENT FANS

As Many Opinions Advanced as There Are
People and Each With the Correct Dope—
Various Players and Combinations Care-
fully Analyzed—Some Suffering Injuries

(By The Associated Press)
NEW YORK, Oct. 8.—The respective chances of the Giants and Yankees in their third world series are being discussed tonight by the usual vanguard of players, writers and fans, coming from the thousand and one baseball corners of the continent.

Everyone has a different opinion regarding the whys and wherefores of the weakness and strong points of the teams but the general idea seems to be that as in the previous two series, all the dope will be turned upside down.

The Yankees, as in 1921 and 1922, have by far the strongest pitching staff, on paper. The five regular hurlers on the Huggins' staff, Jones, Pennock, Bush, Hoyt and Shawkey, have worked in twice as many complete games as Scott, Nehf, Watson, Bentley, McQuillan and Ryan of the Giants. Yet in 1922 when the same sort of condition obtained, McGraw's pitchers were the best in the series.

It is believed by many that Ruth the axis about which the Yankee machine revolves, will lead his teammates to their first world title. In 1921 and 1922 Ruth was a stunning disappointment in the series. Without his battering ram, the Yankees could not go on. This year, however, Ruth is fresh from the greatest season of his career, a season in which he was the most valuable player of all those in the American League.

The followers of the American League Champions have been anxious about Walter Pipp, the first sacker who injured his ankle in a game at Boston several weeks ago. Pipp however, joined his teammates in practice today and while he betrayed a slight limp was able to get about speedily and with his accustomed ability. Huggins watched him work out but would not say whether he would start him in the first game Wednesday.

"He looks all right," Huggins said, "but I want to see him work again tomorrow and then have the doctor examine his ankle."

Should Pipp be unable to play, Huggins probably will send Ruth to first base and Hendricks to Ruth's place in left. Hendricks is one of the newest of the Yankees, but a hard hitter, while Elmer Smith, the veteran upon whom the choice ordinarily would fall, has been weak against left hand pitching and Huggins desires all the attacking force he can muster against the Giants.

Bob Meusel, Ruth's brother gardener has recovered fully from his ailments and will play. McGraw's only injured player is Casey Stengel, who got into last year's series. Should McGraw have to replace Stengel, Jimmy O'Connell, the expensive outfielder from the west and Cunningham another youngster would be used alternately according to whether the pitching is left handed or right.

There still is some speculation about the opening game pitchers. McGraw most probably will call Artie Nehf to start, yet there is talk that John Scott, the hero of the 1922 walkaway may get the honor. Huggins has Jones and Pennock ready.

The Yankee management has announced today that all reserved seats for the first, third and fifth games, to be played in their stadium had been sold. Ed Barrow, the Yankee business manager, predicted that with fair weather the record receipts for a world's series game would be broken in the opening game. Barrow said he expected the seat sales for the opener to reach \$200,000. The greatest receipts record for one game were at the last contest in 1922—\$125,147.

The federal board considered the case vital in establishing its contention that reserve banks had the right which no state could impair to insist upon all banks, including those not members of the reserve system to cash at par all checks drawn upon them which had been placed with federal reserve banks for collections.

Professor Franklin Hall of Garrett Biblical Institute Northwest-ern University, Evanston, also supported the original report.

created by Judge L. C. Funk of Winchester, thru White Hall to Carrollton, and previously he was working with Chapin. This originator of the Illinois system had dreams of large things, but it never entered his mind that he was building as largely as the system has become in forming the chief means of telephone communication in the counties of Morgan, Scott, Greene and Jersey. Three years after the Funk experiment of 1900 and earlier others became interested to an extent that one afternoon in 1893 the late C. F. French and Mr. Carpenter came down from Chapin to interview a couple of White Hall youths on the matter of installing an exchange. These two youths had a number of subscribers for a telephone exchange that had the earnest backing of some of our best business men of that day, and they were making good headway when the visitors made representations that if the local youths desired to go ahead, they would interpose no objections, but if they would drop their plans the Illinois company would install an exchange. This the Illinois did, and White Hall holds the honor of securing the first exchange installed by the Illinois Telephone Co. There was a party line of telephones in White Hall at that time, and some years previous an experiment with a telephone exchange had been made at Carrollton by Clement L. Clapp, then editor of the Patriot. The White Hall exchange venture was a discouraging one for a couple of three years. The honor of installing the first exchange telephone belongs to Dr. Culbertson, who had it put in the office of his factory, now Mr. Houchin's overall factory. The venture finally took on new life, and an exchange at Carrollton followed under the management of W. W. Holliday of Chapin, who later became general manager of the company. This in brief is the history of a concern that locally is a great achievement.

**GERMAN STUDENTS
HAVE SERIOUS TIME**
Conditions Described in Address Made at Illinois College by Prof. Raetzmann.
Professor Hilda M. Raetzmann of Illinois College faculty gave a very delightful and interesting talk to the students yesterday morning in Chapel, using for her theme "The Needs of the Students of Germany." For the past year she has been studying in Germany, principally at the University of Leipzig and her talk was based upon the conditions which she found there.
Miss Raetzmann told of the universal poverty of Germany. The income of the average student is 3,000 marks which at the present time is about equivalent to one dollar in American money. The more wealthy students have about 5,000 marks.
Miss Raetzmann visited the various student aid organizations in Leipzig in order to see what was being done to help the students, and although the resources were very scanty much was being done to make it possible for the students to keep alive and continue with their studies.
One of the most recent aids is a home for women, where the University women can go to keep warm and do their studying during the day. This was started by the wife of a faculty member, who solicited subscriptions from the people of Leipzig.
Another thing of great importance is a free lunch room for the students in the Commons where they may go to get a bowl of soup and a few carrots and peas each day. The wages paid for work in Leipzig are little compared with the cost of living, one student works four hours each day in an office and thus makes enough in a week to buy a half pound of sausage, which shows that it is practically impossible for a student to be self supporting while going to school.
Professor Raetzmann's talk brought to the Illinois College students a better realization of what the students of Europe have to undergo in order to get an education.

**RED CROSS WORK
FOR YEAR REVIEWED**
Report Presented Executive Committee of Morgan County Chapter Shows Many Activities
The most interesting feature of the meeting of the Morgan County Red Cross executive committee, was the reading of the annual report by the secretary. The report was as follows:
1597 services rendered during the past year.
860 calls of clients at office, asking for assistance with claims, bonuses, pensions or other personal services.
287 visits made in behalf of clients, some of which were to remote parts of the county and necessitated traveling many miles.
Work done in the different branches of this county is revealed in the following figures, which show the exact number of cases handled in each community.
Alexander, 34; Concord, 32; Chapin, 30; Franklin, 28; Lynnville, 5; Litterberry, 8; Murrayville, 20; Meredossia, 48; Sinclair, 12; Woodson, 26; Waverly, 41; rural routes, 37.
The amount of expenditures in loans and grants to disabled men was \$742.50; of that amount \$120 was repaid.
The are at present, in the Red Cross files, a total of 804 different cases—this means 804 ex-service men have had continuous service from the Red Cross during the past two years—of this number 337 are Jacksonville files, 226 county, and 241 State hospital files.
98 new claims were filed during the past year against the United States Veterans bureau.
The expenditure for the maintenance of Red Cross work in Morgan county during the past year was \$3,991.12.
At the meeting plans for the coming Roll Call were discussed and a committee will be appointed within the next week or two to get the Roll Call organization under way.
This report of the year's work is convincing proof of the need of Red Cross service in Morgan county, and it was the opinion of the committee that a vigorous Roll Call campaign should be conducted in order that the public may realize the importance of supporting this work.

REPUBLICANS TALK ABOUT CAMPAIGN
Members of Central Committee Entertained at Luncheon by State Auditor Andrew Russell
A meeting of the Morgan county central committee was held at the court house at noon Monday, in accordance with a call issued by C. F. Wemple, the county chairman. Immediately afterward members of the committee and some of their wives were entertained at luncheon by State Auditor Andrew Russell at the Pacific hotel. After luncheon had been served C. F. Wemple, acting as chairman, called upon a number of those present to speak briefly especially with reference to the coming county campaign. References were made to the splendid work of J. E. Osborne as a member of the county board of commissioners, and the need there is to "get out the vote" at the election November 6, if the services of Mr. Osborne are to be retained.
Mr. Wemple announced the appointment of Mrs. W. L. Alexander as a member of the central committee to fill the vacancy caused by the death of her husband, the late W. L. Alexander. There was some discussion of the matter of the reorganization of the committee to include women, and Mr. Russell mentioned that the law now provides that there shall be one woman and one man selected to the central committee from each voting precinct. The effect of this law is to double the size of the central committee.
Among those who spoke briefly were: Mrs. J. J. Reeve, Mrs. Miller Weir, Mrs. Grant Graft, Mrs. Andrew Russell, E. E. Crabtree, J. E. Osborne, Judge H. P. Samuel, H. H. Bancroft, James H. Brown, J. J. Reeve, S. A. Fairbank, Charles S. Black and Andrew Russell.

LOCAL R. R. STATIONS SOON TO CONSOLIDATE
Division Superintendent G. L. Griggs of the Burlington was in Jacksonville Monday for a short time. While here he was in conference with Mayor Crabtree regarding the proposed paying near the Alton and Burlington passenger stations.
It is understood that the consolidation of the Alton and Burlington passenger stations here, which was postponed after it had been announced several weeks since, is soon to be consummated. It is partially because of this consolidation that the paying program is to be hastened as much as possible.

**PEOPLE ON WAY HERE
ESCAPE STRANGE CAR**
Dr. and Mrs. James, Speeding to Mother's Bedside, Dodge Intended Hold-up
Dr. and Mrs. Charles R. James of Chatham had a peculiar experience on the state road between here and Springfield late Saturday evening as they were motoring to this city. They had been called here by the death of Dr. James' mother, and were making the trip late at night. They first noticed a man driving up behind them in a car. He speeded around their auto and attempted to block their way. Dr. James pulled his machine far to one side and as the two cars came side by side, a man in the other machine was standing on the running board, and attempted to reach the James car.
However, Dr. James was too quick for him and put on speed, getting out of the way of the other machine. Dr. and Mrs. James believe that someone was attempting a hold-up, and that they would have been the victims if the stranger had made the leap to the running board of their car.
Virginia callers in the local business section Monday included Mr. and Mrs. Sam Montgomery and son, Martin, and Mrs. Howard Gridley.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

Good Blood Means Good Health

A clear, healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset.

If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become diseased.

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment—blood that will build up broken-down tissues.

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increased, the food will be absorbed in the proper manner and the skin will become clear and healthy.

You will never regret having used Nyal's Hot Springs Blood Remedy—it will put you on your feet

TO RESUME MONTHLY CLINIC WORK THURSDAY

Jacksonville Association to Start on Activities of Third Year — Morgan County Medical Society Will Meet.

The first clinic of the current year will be held by the Jacksonville Clinical Association Thursday of this week, and the regular monthly meeting of the Morgan County Medical society will be held at Peacock Inn Thursday night. The following letter has been mailed to the members by Dr. T. C. McLean, who is secretary of the association:

Letter From Secretary

"The Jacksonville Clinical Association will hold its first clinic of the year Thursday, October 11, 1923. This begins the third year of the clinics, which all physicians are cordially invited to attend. The morning clinic will be held at Passavant hospital at 10 a. m. Visiting members will be invited to luncheon at 1 p. m. The afternoon clinic will be held at Maplecrest, the Norbury Sanatorium. We believe we have an unusually interesting group of cases for both morning and afternoon, including operative work, case demonstrations and results of a series of cases treated with insulin. We believe that clinical meetings are the most important gatherings held by the profession as shown by the number attending. They give an opportunity for practical demonstration and observation which cannot be secured by the written paper alone.

"The members of the Clinical Association cordially invite you to be present at the clinics and remain over for the association dinner, which will be at Peacock Inn, at 6 p. m., as guests of members."

COUNCIL REVIEWED BUDGET FIGURES

Finances Discussed at Monday Night Session—Additional Facing Planned at Mauvaisierre Dam.

The city council was in session Monday night with Mayor Crabtree, City Clerk Scott, Aldermen Blesse, Chapin, Schumley, Fairbank, Harmon, McGinnis, Rowe and Sorrells present. While some other matters of business were given attention, the time of the council was given over mainly to discussing city finances.

Alderman Fairbank of the finance committee presented a report covering the last nine months, showing the budget for each department, together with the amount expended. The budget system was adopted by the council in the endeavor to hold down operation costs and each quarter a report has been made to show the exact condition of the city's finances.

Alderman Chapin made an informal report with reference to the additional facing needed for the Mauvaisierre lake dam since the flash board on the spillway has been raised. Bids for the work were opened and were as follows: Otis Hoffman, 18c; Simeon Fernandes, 19c; J. W. Baptist, 28c. These bids were referred to the water committee.

Alderman Schumley and Alderman McGinnis made complaint because walks were not laid on a number of streets where walks have been ordered. Special reference was made to the first ward. The complaints referred particularly to short stretches where walks are needed as adjacent property owners have complained with the council order.

Dr. R. V. Brokaw, city health officer, made an informal report relating especially to the city sanitary survey which is being made, pointing out some of the conditions that the survey emphasizes.

Dr. Brokaw also made report of the recent conference relative to the petition filed with the city council several weeks since, asking for action which will do away with offensive odors in the vicinity of Johnson street and East State street. It was stated that sixty days had been given for installation of apparatus which it is believed will remedy the difficulty.

Officers' Reports
The report of H. C. Clement, city treasurer, showed a balance in the general fund of \$3,387.91. J. E. Scott, city clerk, reported receipts from Jacksonville cemetery of \$57, from Diamond Grove cemetery \$879.45, from the city office, \$624.73.

The total receipts of the water department as shown by the report of W. H. Cobb, superintendent, was \$6,038.48. Of this sum \$5,795.66 was received from water sales.

The report of A. B. Opperman, Justice of the peace, showed fines collected \$133.70, city costs, \$34.30, J. P. costs \$78. Frank Kiloran, chief of police, reported total collections of \$248 and 38 arrests. Some of the arrests were for the following causes: speeding, 2; violating state auto law, 3; drunkenness, 12; disorderly conduct, 12; bootlegging, 1; assault, 2; forgery, 1.

Harry Summers, sexton of Diamond Grove cemetery, reported 8 graves made during the month of September. John Pires, sexton of Jacksonville cemetery, reported 5 graves made.

The report of Edward Lonergan, sanitary inspector, indicated that 104 cases were given attention during the month.

The report of Dr. R. V. Brokaw, city health officer, showed total number of deaths for the month, 43, total number of births 30. The contagious diseases included diphtheria 3, mumps 2, pneumonia 3, scarlet fever 1, tuberculosis 2.

S. O. BARR DIED AFTER BRIEF ILLNESS

Well Known Citizen Passed Away Monday Night—In Business Here More Than Fifty Years

Jacksonville people will learn with sincere regret of the death of Samuel O. Barr which occurred at his home, 1209 West State street Monday night at 10:15 o'clock. Mr. Barr had not been well for the past month as the result of pernicious anemia, but was able to take a car ride in the country Sunday afternoon and seemed to feel better than had been true for a number of days. Monday, however, he had a heart attack and his condition grew more serious until the end came.

Mr. Barr was born May 29, 1847, a son of William P. Barr, at one time mayor of Jacksonville and prominently identified with the city's history. Mr. Barr attended the schools of Jacksonville and as a mere lad enlisted in Co. F, of the 133rd Illinois Infantry. At that time he was attending school in Carlville, although the family home was still in this city.

A few years after the war Mr. Barr began his business life in Jacksonville, establishing the oyster business which he operated for 53 years.

Dec. 10, 1874, Mr. Barr was married to Miss Lila Markoe, the ceremony taking place at Mexico, Mo. Mrs. Barr survives, together with the following children: Louise, wife of John H. Russell; Bess, wife of Edward M. Dunlap; William Markoe and Katherine. One daughter, Helen, preceded him in death 10 years since. There are also four grandchildren, John H. Russell, Jr., Helen Louise and Lila Frances Russell, and Barbara Dunlap.

He leaves also one sister, Miss Lucy Barr, of this city, and two brothers, Hugh Barr of Davenport, Iowa, and William K. Barr of Mobile, Ala.

Mr. Barr was a member of Westminster church and of Jacksonville Lodge, No. 152, Knights of Pythias. He was a man of especially genial and kindly spirit and of unimpeachable integrity. He was interested in Jacksonville and its history and while it was a pleasure to him to talk of earlier years of the city, he was also very much interested in the present and future and gave ready support to every movement for the city's upbuilding.

Mr. Barr was indeed a good citizen and his death is a loss to the community.

The funeral service will be held at the home, 1209 West State street, Wednesday afternoon at 3 o'clock.

NEW STORE TO OPEN ON EAST STATE

Wilson Grocery Company Leases Room in Well Known Batz Building—Cafe to Continue.

A five year lease was signed recently by William Batz of this city and the Wilson Grocery Co. of Peoria, whereby the store building at 223 East State street is soon to be occupied as a retail grocery store. The remodeled Batz cafe is to be continued at 221 East State street, the west room of the Batz building.

The property leased to the Wilson Co. has been owned and occupied by members of the Batz family for over half a century and is one of the finest business locations in the city.

The Wilson Co. has for years conducted an extensive grocery house in Peoria, selling on the mail order plan and in more recent years has opened stores in a number of cities. For a number of weeks past a representative of the company has been in Jacksonville interesting people in the purchase of stock of the Wilson Grocery Co., and practically all of the allotment has been sold.

The plan is a new one in the chain store business and has its appeal. The owner of one or more shares of stock is given a card which entitles him to a cash discount on all purchases amounting to \$1 or more except flour and sugar.

The company will carry an account with one of the local banks and dividends earned on the Jacksonville store will be paid to local stockholders, in accordance with the amount of stock owned. The purpose of this plan is to answer the objections sometimes urged against chain stores that all the money spent is sent out of town.

Held Monday Afternoon—Stock Brought Good Prices—Gordon Moving to Jacksonville

A dissolution sale of Big Type Poland China hogs was held Monday afternoon by Frank Tarzwell and C. O. Gordon at the farm three miles east of Murraville, the sale being held on account of Mr. Gordon moving to Jacksonville and Mr. Tarzwell moving to another farm. H. E. Spencer and J. L. Henry were the auctioneers and Warren B. Wright the clerk.

About 250 hogs were sold, including sows with pigs, gilts and stock hogs. All offerings brought good prices, a total sum of about \$2,500 being realized from the sale.

The top price for sows with pigs was \$48.00. James D'nergan being one of the heaviest purchasers.

A. M. Masters and John Fitzsimmons purchased the heaviest in the gilts, the top price being \$20.00.

Prices on stock hogs ranged from 7.00 to 11.50. William Doolin buying many of the heavier ones, and Felix Gordon taking quite a number of the lighter kind.

The ladies of St. Bartholomew church served lunch and sold everything out, realizing quite a handsome sum.

Bookkeeper and clerk wanted. Good opportunity for right party. Write B. C. care Journal.

BAPTIST MEN HAD CHURCH SERVICE

Laymen Gave Program Sunday
Morning—Homecoming to Be
Held Oct. 21

A unique program was carried
out Sunday morning at the regu-
lar morning service of First Bap-
tist church. The pastor, Rev. A.
P. Howells had arranged a Lay-
men's Service, and a number of
men of the church took part.

Rev. Mr. Howells presided dur-
ing the service, and the speakers
on the program occupied the pul-
pit with the pastor. The follow-
ing took part:

Responsive reading, leader—G.
W. Gard.

Prayer—Leslie Jackson.

Scripture reading, "Story of
Gideon's Band"—Byron Stewart.

Address, "Civic Duty of a Lay-
man"—Carl H. Weber.

Address, "Social Duty of a
Layman"—Prof. George Poage.

Address, "Religious Duty of a
Layman"—Charles H. Story.

Each speaker occupied ten min-
utes of the time ordinarily de-
voted to the sermon. The rela-
tions of the layman in a church to
various phases of public life were
interestingly discussed.

On Sunday, Oct. 21, the Bap-
tist church will hold its annual
homecoming program. Dinner
will be served at noon in the
church dining room, and each
family is expected to bring enough
eats for the members of the fam-
ily and one additional person.

Mrs. W. T. Spires is chairman of
the dinner committee.

At the quarterly business meet-
ing of the church next Wednes-
day evening, delegates will be ap-
pointed to the Baptist State con-
vention, which meets with the
Oak Park Baptist church Oct. 15
to 18. Rev. Mr. Howells made
the suggestion Sunday morning
that the church should make an
effort to secure the convention
for this city in 1924.

LATEST NEWS OF THE SPORTING WORLD

EXCEPTIONAL BALL GAME HERE SUNDAY

Score 2 to 1 in Favor of Indians—Pronounced by Fans as Best Game Seen on Local Diamond.

The baseball game Sunday afternoon between the Murraville Merchants and the Jacksonville Indians, won by the Indians 2 to 1, rightly belongs in the class of games known as Sport Writer's Delight, for the reason that all fine things that can possibly be said for a baseball team was true of both teams. It was pronounced the contest to be the best game of baseball ever played on a Jacksonville diamond. Furthermore it would be hard to single out any certain star on either team for the reason that both teams were continually on their toes fighting to the very last for the odd game. Only one error was chalked up during the entire game. Not a man on either team reached third base until the 7th inning, and no scores were made until the last half of the 8th when the Indians put two tallies over, the Merchants getting their lone tally in the first half of the 9th. It was not only a battle supreme between Fryman and Fanning, but it was a battle in fielding, both teams giving their pitcher the very best of support. To add to the zest of the game and to keep the spectators' blood warm on the chilly afternoon, there were just enough close decisions to keep everybody, both players and spectators peppy.

Both pitchers were misers in the hit line, Fanning allowing five, and Fryman six hits. Fryman walked three men and hit one, and Fanning walked one lonesome man. Fanning also had the edge by one on strike-outs, making 8 lay down their bats, while Fryman sent 7 Indians back to the bench.

Beginning next Sunday afternoon the Indians will play a three game series in Winchester against the American Legion of that place.

The Journal has arranged an unusually strong feature to supplement its regular football service this season. Robert C. Zuppke, famous University of Illinois football mentor, and author of "Football Technique and Tactics," has written a splendid new series on football and football plays. Fans, players, coaches will all gain tremendously in football knowledge through these masterful explanations, so

Quarterback is Football's General; Successful Leader Respects Law Of Averages and Sound Play

STRATEGY MAP—OFFENSE. THE TEAMS ATTACKING GOAL "B." THE QUARTER SHOULD MAKE A CAREFUL STUDY OF THE TACTICS TO BE FOLLOWED IN DIFFERENT AREAS.

BY ROBERT C. ZUPPKE
Football Coach, University of Illinois, Author of "Football Technique and Tactics"

The generalship employed in a football game should be a result of the history of played games, the experiences and study of the coaches, and the mastery of the sequence of the plays. The experience of coaches, the style of offense and defense, the relation of one play bears to another, and the formations which contain the various plays, make up the system previous to each game. The system determines the tactics and strategy to be employed.

The average spectator at a game is in the opinion that the quarterback does all the thinking for the team as far as the selection of plays on the field is concerned. Superficially speaking, he does; he, with the captain, guides the offense. The spectator forgets, however, that the quarterback in turn is guided by the system and that all of the men plus the coaches are part of that system. The system develops football brains, controls the football thought of the quarterback, and furnishes him the data on which to base his generalship.

The coaches must compel the quarterback to respect the law of averages and teach him discrimination between sound football and the "go as you please" hit or miss kind. They should assist him in selecting the plays not by merely telling him what and when to choose, but by fortifying him with a group of formations and a cycle of plays which, because they are related, implant themselves firmly in his memory.

The kind of play that is taught the way it is taught, the time the play is drilled, the part of the field it is practiced on, the backfield man which the play emphasizes, and the number of plays, are all cogs in the wheel that operates the football machine.

The system should not be so rigid in its demands that the general cannot extricate it from a groove, but should be flexible enough to be varied from year to year because of the varying ability of the players.

The quarter and the captain must be so much a part of the system that they understand the true meaning of every play and the part each man of the team is to play. They must know the why and wherefore of every move which the coaches make, such as using play "A" in preference to play "B" and why back No. 2 is used so much more than No. 3 or No. 4, and why one should punt on the third down nearly all the time against certain opponents, and why one should punt half of the time on the second and the other half on the fourth against other opponents.

The quarterback should study a strategic map, such as is reproduced, until it is second nature with him to remember the kind of tactics to adopt in different parts of the field. In our map the offense team is attacking goal B.

RIXEY PICKS GIANTS TO COP SERIES

Says McGraw's Men are Best in the Pinches and Will Win in Six Games.

By EPA RIXEY.
Pitcher of the Cincinnati Reds To start with I pick the Giants to beat the Yankees in the 1923 world series and thus win their third straight world championship from their home town American League rivals.

I do not think the Giants again will win the series in straight games as they did last year because the Yankees have a better pitching staff or rather are getting better pitching than last year, and also have profited by their experience of 1922.

They also will enter the series fresher than the Giants who will have little time to recuperate from their hard pennant fight.

This year's series, I believe, will last at least six games.

On the face of things the Yankees have better pitching than the Giants.

But the Giant pitchers don't run to form, especially if their form appears weak.

John McGraw's pitchers have a way of rising to the emergency and delivering the goods in a pinch. So has his whole ball club. That's the main reason why I pick them to retain their championship.

Behind his pitching staff McGraw has a team that is great offensively and defensively. Individually his team is strong. Collectively it is stronger because the Giants have perfected their team work to the highest degree.

They also are strong in their substitutes as was proved when Bancroft and Groh were disabled. They can, if necessary, take the field with a regular or two missing and still present a championship team. This may be true of the Yankees, also, but I doubt it.

The Giants have shown me this season there is no type of pitching against which they are weak. They may be stopped for a day, but they will come back and make up for the next.

The Giants have gone through two or three bad slumps this year. Several times the Reds were right at their heels, ready to overtake them, but we never got into the lead because the Giants always regained their stride just in time to save themselves. In a pinch McGraw's club can be depended upon to come through and, since the world series is the biggest pinch of all, I do not expect them to slump in these games with the Yankees.

Back of the entire Giant team is John McGraw, a man with out a peer at directing a ball club or driving his players on to victory. His hand was plainly visible in the last two series with the Yankees and I think it will be evident again this fall, spur in his men on.

Individually Babe Ruth is, I believe, the greatest player who will appear in the series. Ruth has had a wonderful season in all departments of the game. He has learned the lesson of keeping his mind on his job. I look for him to do some wonderful playing and live up to the honor recently conferred upon him as the most valuable player in his league.

Ruth's improvement, I believe, will be a big factor in stretching the series out to at least six games. In our last two games with the Giants I was convinced they are going into the series with their heads up and will be alert to take advantage of every opportunity that comes their way.

Their heads are not swelled by the fact that they licked the Yankees in 1921 and again in 1922. They realize they probably will have a tougher job on their hands than they had in either of the past two years and are more determined than ever to play their best against the Yankees.

Frish, Groh and Young, I believe, will rise to great heights in these games.

FOOTBALL INJURY CAUSE OF DEATH

AMES, Iowa, Oct. 8.—Jack Trice, of Cleveland, Ohio, a sophomore in animal husbandry at Iowa State college and tackle on the football eleven, died at 3 o'clock this afternoon in Ames college hospital from injuries sustained in the Minnesota game at Minneapolis on Saturday. Trice, a year ago was crushed in a play thru his position and was taken from the game to the Minneapolis hospital.

Trice was brought to Ames early Sunday morning and physicians were in constant attendance. He was crushed in the play and died from a hemorrhage of the lungs. Trice's mother was notified Sunday morning of her son's illness but failed to arrive at the bedside before he died.

YANKEES AS WINNERS PICKED BY ROLAND

NEW YORK, Oct. 8.—"I pick the Yankees to beat the Giants in six games."

Thus predicted Clarence Rowland, manager of the world's champion White Sox of 1917 and now a member of the American League umpiring staff on his arrival today to attend the world's series.

Billy Evans, one of the two American League arbiters chosen to officiate in the series, declined to put himself on record on the outcome, but expressed his opinion that the Yankees' all-star twirling staff might be the deciding factor.

"The Giants were good enough to beat the Reds and I believe they can also take the Yankees into camp," said August Herrmann, president of the Cincinnati club.

TO MANAGE PIRATES FOR ANOTHER YEAR

Pittsburgh, Pa., Oct. 8.—William B. McKee today signed a contract to manage the Pittsburgh Pirates for another year. Barney Dreyfuss, president of the Pittsburgh National League club announced tonight. He also announced that the Pirates will train next season at Paso Robles, California. For a number of years the Pirates' training camp has been located at Hot Springs, Ark.

Harry Todd of Lewiston was a recent guest of friends in this city.

ZUPPKE'S MEN DOING ONLY LIGHT STUNTS

URBANA, Ill., Oct. 8.—Light signal practice was all that was required of the Illinois this afternoon, Coach Zuppke doing away with scrimmage in view of the exertions of the team Saturday. Illinois came thru the battle with no injuries more serious than a few bruises and the whole first team was on the field.

Crawford, who got thru the Nebraska line for some nice gains Saturday, was given a chance with the regulars in place of McIlwain, while Steve Courtchle called the signals instead of "Swede" Hall for awhile and Fisher was used at center in Uman's place. Vivian Green, regular center who has been out with injuries for two weeks, is getting into shape and should be ready to start against Iowa, Oct. 20, at the latest.

NATURALIZATION OF FIRPO SEEMS MISTAKE

NEW YORK, Oct. 8.—There were no tears in the eyes of Luis Angel Firpo when he was knocked out by Jack Dempsey, but the keen black eyes of the South American heavyweight were moist today when he pleaded for return of papers in which he had proclaimed his intention of becoming a citizen of the United States.

Morton E. Sturgis, chief naturalization examiner, and County Clerk Donegan, ruled that the paper must stand on record, but agreed to give the pugilist a letter certifying their belief that he had signed his application under misapprehension.

Accompanied by Tex Rickard, boxing promoter, and a lawyer, Firpo appeared before the officials and told them that he never had dreamed of deserting his beloved native land; that he still was a loyal Argentine, and that he believed that he had applied for a certificate such as he said was issued in Venezuela and other countries to foreigners touring a strange land.

ENGLISH COMING TO SEE PAPYRUS RACE

SPORT LOVERS. Think Nothing of the Expense of a Flying Trip to the States for Such an Event.

LONDON, Oct. 8. By the A. P.—Horse racing is such a popular sport with England's wealthy and aristocratic citizens that some five or six hundred of them think nothing of spending £120 or more to make a flying trip to the United States to witness the performance of Papyrus against America's best colt.

The Papyrus special, the tour that has been organized to take British race followers to the United States, is leaving on the Olympic on Oct. 10, thus allowing the travelers just time to see the race. The tour is already nearly filled to capacity and on a second is being offered to leave on the Aquitania on October 13.

Those already booked for the trip across the Atlantic include a generous sprinkling of noble lords who generally take the lead in most English sporting events. They have organized several parties of friends who will accompany them. A number of prominent race horse owners, breeders and even trainers, and jockeys as well, are also included in the passenger lists of the tours.

There will surely be many "bookies" and representatives of the large booking houses in the parties. But with all the enthusiasm over the race there is little actual cash in view in London. The book-makers say they do not believe much money will be wagered here on Papyrus because of the opinion that the ocean voyage and strange track will tell against the derby winner. So far, backers of Papyrus have demanded almost prohibitive odds.

LEAN DEFEATED AT THREE CUSHION

Cleveland, O., Oct. 8.—Otto Reisch, of Phila., defeated Jess Lean, Cleveland, in two national championship three-cushion billiard league games here today. The score in the afternoon game was 50 to 39 in forty three innings. Tonight's result was 50 to 30 in fifty innings.

FACTS

According to records in the Secretary of State's office, Studebaker outsold all other makes of cars in the first six months of 1923 in Wayne County, Michigan (of which Detroit is the county seat) with the exception of Ford and Chevrolet.

Detroit knows motor cars and motor car values, because the majority of the population is engaged directly or indirectly in some phase of the motor car industry.

Detroit knows Studebaker because of the large production of Studebaker cars in that city, and Detroit is partial to Studebaker cars for just one reason—the merit of the product.

TO OBSERVE WOMEN'S COLLEGE FOUNDERS' DAY

Interesting Program Arranged for Next Wednesday—Banquet to Be Given at Centenary Church

Much interest is being manifested in the Founder's Day celebration at the Woman's college Wednesday, October 10th. The chapel hour will be devoted to speeches, regarding the founding and early days of the college. In the evening the students and resident faculty members will observe the candle-lighting custom at dinner. At 6 o'clock at the Centenary church the Jacksonville alumnae and former students will have their annual Founder's Day banquet at which time they also will light the yellow and blue candles. After the banquet, they will adjourn to the college where they will join with the students in a program of stunts and college songs.
Miss Mary Wadsworth has charge of the stunt program for the alumnae, and Mrs. T. P. Carter will lead in the singing. Reservations have already been made for the banquet and about 100 are planning to attend.
President Harker writes that his daughter and family, whose home in Berkeley was recently destroyed by fire, are just about re-established in a new home, and they are planning to observe Founder's Day with a tea from 3 until 6 o'clock on Wednesday afternoon. Considering the difference in our time these hours will correspond with the hours observed here.
Dr. and Mrs. Harker are expecting quite a number of Oakland, Berkeley and San Francisco college women to join with them in their observance of the candle-lighting custom.
